We have two nature trail great for hiking, especially this time of year.

The Beaver Lake trail will take you through a low-laying hardwood forest typical of Central Ontario, as well as across the rugged terrain that is characteristic of the Northern Canadian Shield.

This trail also visits Raven's Pond and Beaver Lake.

The Old Joe's trail will take you through the rugged terrain that is characteristic of the Canadian Shield. Grab one of the brochures that will explain who Old Joe was and introduce you to the Canadian Shield and the wild life which lives here.
